| 7. Problem | | | | | |
| General Comment: Throughout the document there are several references to "today" or "current" (in an attempt to relate | | | | | |
| an existing CCMS subsystem to CLCS), The terminology "today/current" will lead to confusion as CLCS continues its | | | | | |
| development effort. | | | | | |
| developmen | at ciroit. | | | | |
